

Malaysia

We have been operating in Malaysia for over 60 years, since starting our first operations in October 1958. In the last six decades, GSK Malaysia has grown substantially both in its infrastructure, business operations as well as talent base. Currently operating with over 1000 employees spread across our four business entities – Pharmaceuticals & Vaccines, Consumer Healthcare, Business Service Centre and Consumer Healthcare Quality Supply Chain.

Our pharmaceutical products cover a broad spectrum of vaccines and major therapeutic areas such as allergy, anti-infectives, central nervous system, dermatology, respiratory, urology as well as specialty care products.

The Consumer healthcare products range includes supplements, over-the-counter (OTC) medicines as well as oral healthcare products.

Our Consumer Healthcare Quality Supply Chain (CHQSC) plant produces leading consumer brands, servicing 13 global markets including Australia and New Zealand and is a leader in Good Manufacturing Practice for industrial excellence in the region.

Our Business Service Centre in Kuala Lumpur also known as a GSK regional hub, houses global support functions delivering finance, human resources, consumer healthcare supply planning, technology and healthcare professional engagement services to our global business.
